

02 NCAC 59C .0406 ELIGIBLE PROJECTS

- (a) Only projects developed under Public Law 83-566 that have a work plan published by the Soil Conservation Service, by cooperating governmental agencies, and by the local sponsors, and that have received approval from the federal government and from the commission, enjoy grant eligibility.
- (b) When other state funds are received by a project, the amount shared upon by the other state agency will be subtracted from the non-federal cost to determine the amount eligible for a commission grant. Only the portion of the other agency's funds used towards costs covered in Rules .0402, .0403, .0404, and .0405 in this Subchapter and other costs described in Article 4 Chapter 139 will be included in this computation.
- (c) If another state agency subsequently funds a project, the commission will make the necessary changes in its grant to ensure conformance with Paragraph (b) of this Rule.
- (d) The commission will take into consideration other private and public financial assistance sources such as a utility company, etc., when authorizing a grant. If additional funding occurs after the grant authorization, the commission may decrease its grant.
