

**10A NCAC 26C .0204 RESEARCH COMMITTEE**

It shall be the policy of the Division of mental health services to have a sufficient number of research committees all over the state, so that each program has easy access to a committee. Each committee's procedures shall be recorded and written records kept in a specially designated file. The principal investigator and the research committee shall ensure that projects in progress are reviewed at least every three months or whenever a change in method is planned. Each research committee is charged with furthering as well as monitoring any project.
