

10A NCAC 41B .0204 MODIFICATION OF PERMIT

Before making any material alteration in method or procedure for performing chemical analyses of blood, a blood analyst must be granted a modified permit from the Director. The provisions applicable for the granting of initial permits shall govern. When the blood analyst who holds a permit has assistants performing incidental phases of chemical analyses, replacement of these individuals with other assistants shall not be deemed a material alteration of procedure so long as any assistant has the same general qualifications and abilities as the person replaced.
