

15A NCAC 05C .0119 SHOOTING

- (a) No shooting will be allowed except in daylight hours so that the seismic agent may observe the results of each shot, except that, in the discretion of the department and on written request stating the reasons therefor special written permission may be granted for night shooting.
- (b) No shooting will be allowed in heavy fog due to danger to boats in close proximity.
- (c) Persistent gas and water spouts caused by drilling or shooting operations of seismic crews will be stopped by permittee as soon as possible after they occur.
