

SECTION .1100 - GENERAL PERMIT PROCEDURE

15A NCAC 07J .1101 PURPOSE

The purpose of this Section is to establish a procedure for issuing general permits for development having insignificant impacts on areas of environmental concern and which should not require public review and comment. These Rules are established according to G.S. 113A-118.1 and G.S. 113-229(C)(1) and will apply to projects requiring either Dredge and Fill and/or CAMA Major or Minor development permits. The CRC may, after following the procedures set forth in these Rules, issue general permits for certain categories of development which require Dredge and Fill and/or CAMA Major or Minor development permits. After a general permit is issued, individual activities falling within these categories may be further authorized by the procedures set forth in these Rules.
