

SECTION .0400 – GENERAL REQUIREMENTS FOR USE OF TECHNOLOGY

18 NCAC 07D .0401 ELECTRONIC NOTARY SEAL

An electronic notary public shall:

- (1) obtain an electronic notary seal only from an authorized IPEN solution or platform provider;
- (2) present the electronic notary's registration certificate to the provider; and
- (3) undergo credential analysis and identity proofing upon:
 - (a) account creation with the provider;
 - (b) presentation of:
 - (i) a commission certificate with a name, county, or expiration date change; or
 - (ii) a recommissioning certificate; and
 - (c) at any time requested by the provider.

*History Note: Authority G.S. 10B-4; 10B-125(b);
Eff. July 1, 2025.*
