18 NCAC 07J .0611   DATA STORED DOMESTICALLY

A technology provider shall:

    (1)   store all data associated with the notarial transaction process in the United States while the data is at rest; and

    (2)   certify compliance with Item (1) of this Rule:

        (a)   on its initial and subsequent applications; and

        (b)   on its verification of compliance pursuant to Rule .0211 of this Subchapter, if applicable.
