The request may be made with the initial application for an electrologist license or at any time thereafter. The applicant shall submit with the request a written statement by a licensed electrologist or electrology instructor that the applicant will be practicing in this individual's office and that this individual has agreed to supervise the applicant's practice. On receiving a request for a temporary license that complies with this Paragraph, the Board will issue the applicant a temporary license subject to the time limits in Paragraph (b) of this Rule.

(b) A temporary license is valid only during the dates stated in the license. Consistent with G.S. 88A-10.1, a temporary license cannot be valid for more than six months. The Board shall begin issuing temporary licenses no sooner than five months before the date of the next scheduled examination. The Board shall stop issuing temporary licenses 30 days before that examination. All temporary licenses shall expire one month after the date of that examination.

The renewed temporary license shall expire six months after the date it is renewed or 30 days after the date of the next scheduled examination, whichever is shorter, and it may not be renewed again.

(e) The holder of a temporary license shall practice only under the supervision of another licensed electrologist or electrology instructor. As used in this Rule, "supervision of another" means that the other is physically in the same establishment as the holder of the temporary license and that the acts done by the holder of the temporary license are done pursuant to the other's order, control, and approval. The holder of a temporary license shall notify the Board within five business days of any change of supervisor and shall submit to the Board within 10 business days a written statement by the new supervisor that the holder of the temporary license will be practicing in the new supervisor's establishment and that the new supervisor has agreed to supervise his or her practice.
