## 24 NCAC 06A .0414 RISK MANAGEMENT FRAMEWORK

- (a) The Operator shall implement and maintain an effective risk management framework. This framework may be provided in-house by a unit capable of performing this function with appropriate segregation of functions and reporting duties, or by a Supplier.
- (b) The Internal Controls shall contain a description of the risk management framework, including but not limited to:
  - (1) automated and manual risk management procedures;
  - (2) employee management, including access controls and segregation of duties;
  - information regarding identifying and reporting fraud, suspicious conduct, or Suspicious or Illegal Wagering Activity;
  - (4) controls ensuring regulatory compliance;
  - (5) description of anti-money laundering compliance standards;
  - (6) description of software applications that comprise the system used for Wagering;
  - (7) description of types of Wagers available to be offered by the Operator;
  - (8) description of the procedures to prevent past posting of Wagers;
  - (9) description of the procedures to cancel or void a Wager;
  - (10) description of the procedures to prevent individuals from placing Wagers as agents or proxies for other Individuals or Persons;
  - (11) description of integrated third-party platforms; and
  - (12) other information that may be required by the Commission.
