

10A NCAC 13B .3708 MEDICAL STAFF RESPONSIBILITIES FOR QUALITY IMPROVEMENT REVIEW

- (a) The medical staff shall have in effect a system to review care provided at the facility by members of the medical staff, to assess quality, to provide a process for quality improvement, and to monitor the outcome of quality improvement activities.
- (b) The medical staff shall establish criteria for the evaluation of the quality of care.
- (c) The facility shall have a written plan that generates reports to permit identification of patient care problems and that establishes a system to use this data to document and identify interventions. The plan shall be approved by the medical staff, facility administration, and the governing body.
- (d) The medical staff shall establish a policy to maintain a review process of the care provided by members of the medical staff to all patients in every medical department of the facility. The medical staff shall have a policy to schedule meetings to examine the review process and results. The review process shall include both practitioners and allied health professionals from the medical staff.
- (e) Minutes shall be prepared for all meetings reviewing quality improvement and shall reflect all of the transactions, conclusions, and recommendations of the meeting.
