

**10A NCAC 15 .1637      RECORDS OF SURVEYS**

(a) Each licensee or registrant shall maintain records showing the results of surveys and calibrations required by Rules .1613 and .1627(b) of this Section. The licensee or registrant shall retain these records for three years after the record is made.

(b) The licensee or registrant shall retain each of the following records until the agency terminates each pertinent license or registration requiring the record:

- (1) records of the results of surveys to determine the dose from external sources and used, in the absence of or in combination with individual monitoring data, in the assessment of individual dose equivalents;
- (2) records of the results of measurements and calculations used to determine individual intakes of radioactive material and used in the assessment of internal dose;
- (3) records showing the results of air sampling, surveys, and bioassays required pursuant to Rule .1620(a) of this Section; and
- (4) Records of the results of measurements and calculations used to evaluate the release of radioactive effluents to the environment.
