- (b) A person who files an income tax return for an unmarried individual who died during the taxable year shall enter the date of the individual's death and the individual's name on the return.
- (c) On a return, a taxpayer shall furnish his or her social security number and the name and social security number of his or her spouse and shall indicate whether the return is filed jointly or separately.
- (d) The same filing status claimed on the federal income tax return shall be claimed on the North Carolina income tax return. If the taxpayer has not filed a federal income tax return, the taxpayer shall claim the filing status to which the taxpayer would be entitled under section 2 of the Internal Revenue Code. However, if the taxpayer filed the federal return as married filing jointly and either the taxpayer or the taxpayer's spouse is a nonresident and had no North Carolina taxable income, the taxpayer may file the North Carolina tax return as either married filing jointly or married filing separately as explained in 17 NCAC 06B .3904.
- (e) Each applicable line of the tax return shall be completed and the entering of words or phrases, such as "unconstitutional" or "object - self incrimination" shall not meet the requirement of completing each applicable line on the return.
- (f) The tax shall be computed by multiplying North Carolina taxable income by the tax rate in G.S. 105-153.7. In the case of a delinquent return, the penalties prescribed by G.S. 105-236(a)(3) and G.S. 105-236(a)(4) and interest prescribed by G.S. 105-241.21 shall be added.
- (g) If an individual has moved into or out of North Carolina during the tax year or is a nonresident with income from sources within North Carolina, Form D-400 Schedule PN Part-Year Resident and Nonresident Schedule shall be completed. Credit for tax paid to another state shall not be allowed to an individual moving into or out of this State unless the individual has income derived from and taxed by another state or country while a resident of this State.
- (h) If a tax credit is claimed for tax paid to another state or country, there shall be attached to the return a true copy of the return filed with the other state or country and a canceled check, receipt, or other proof of payment of tax to the other state or country.
- (i) Every return shall be signed by the taxpayer or his or her authorized agent, and joint returns shall be signed by both spouses.
- (j) Where tax has been withheld, the State copy of the Wage and Tax Statement shall be attached to the return.

- (k) Any additional information that the taxpayer believes will assist in the processing and auditing of a return shall be indicated on the return or a worksheet or schedule attached to the return.
- (l) Anyone who is paid to prepare a return shall sign the return in the space provided.

17 NCAC 06B .0107 EXTENSIONS

(a) Application. -- If an income tax return cannot be filed by the due date, a taxpayer may apply for an automatic six-month extension of time to file the return. To receive the extension, an individual shall file Form D-410, Application for Extension for Filing Individual Income Tax Return, by the original due date of the return. A partnership, estate, or trust shall file Form D-410P, Application for Extension for Filing Partnership, Estate, or Trust Tax Return, by the original due date of the return.

(b) Late Payment Penalty. -- A 10 percent late payment penalty shall apply to the remaining balance due if less than 90 percent of the total amount of tax due is paid by the due date. If the 90 percent requirement is met, any remaining balance due shall be paid with the income tax return before the expiration of the extension period to avoid the late payment penalty. If a taxpayer does not file the application for extension by the original due date of the return, the taxpayer is subject to both the five percent per month late filing penalty (25 percent maximum) and the 10 percent late payment penalty on the remaining balance due.

(c) Individuals Outside U.S. -- An individual who is "Out of Country" on the date the return is due shall be granted an automatic four-month extension for filing the North Carolina income tax return by marking the Out of Country indicator on the Form D-400 when the State return is filed. "Out of Country" means the individual is a United States citizen or resident who is living outside the United States and Puerto Rico and either the taxpayer's main place of work is outside the United States and Puerto Rico or the taxpayer is in the military service outside the United States and Puerto Rico. The time for payment of the tax shall also be extended; however, interest shall be due on any unpaid tax from the original due date of the return until the tax is paid. If an individual is unable to file the return within the automatic four-month extension period, an additional two-month extension may be obtained by following the provisions in Paragraph (a) of this Rule; however, the Form D-410 shall be filed by the automatic extension date of August 15.

(d) Return. -- A return may be filed at any time within the extension period but it shall be filed before the end of the extension period to avoid the late filing penalty.

The minimum gross income filing requirements under North Carolina law are different from the filing requirements under the Internal Revenue Code because North Carolina law does not allow the same standard deduction amount as the Internal Revenue Code or a personal exemption for the individual, the individual's spouse, the individual's children, or any other qualifying dependents on the State return.

17 NCAC 06B .0112 JOINT FEDERAL BUT SEPARATE STATE RETURN

(a) Separate Return or Schedule. -- A spouse who files a joint federal return but files a separate North Carolina return pursuant to G.S. 105-153.8(c) shall complete a separate federal return and attach it to the North Carolina tax return to show how the spouse's adjusted gross income would be determined on a separate federal return. In lieu of completing a separate federal return, the spouse may submit a schedule showing the computation of the spouse's separate adjusted gross income. A spouse who submits a schedule shall attach a copy of the spouse's joint federal return if the federal return reflects an address outside North Carolina.

(b) Allowable Deductions. -- In completing a separate federal return or preparing a schedule computing a spouse's separate adjusted gross income, deductions are allowable only for items paid during the tax year. Deductions for separate obligations are allowable only to the spouse who paid the obligation and was responsible for paying the obligation. Deductions for joint obligations paid by one spouse from that spouse's separate account are allowable only to that spouse. Deductions for joint obligations paid from a joint account are allowable to each spouse in proportion to the spouses' adjusted gross incomes for that tax year.

(b) A schedule or statement shall be attached to the North Carolina return showing the name and social security number of each spouse, that they were domiciled in a community property state or country, and that 50 percent of each spouse's income tax withheld is allocated to the other spouse's income tax return.

17 NCAC 06B .0114 COMPUTATION OF TAXABLE INCOME - GENERAL

The starting point in determining North Carolina taxable income is federal adjusted gross income, subject to the additions, deductions, and North Carolina standard deduction or North Carolina itemized deductions as provided by G.S. 105-153.5 and 105-153.6. These adjustments do not apply to all individuals. Each individual shall determine if any of the adjustments apply to the individual's return.

17 NCAC 06B .0116 DEDUCTIONS FROM ADJUSTED GROSS INCOME

(a) Deductible Interest. -- The deduction for interest on obligations of the United States or its possessions provided in G.S. 105-153.5(b)(1) applies to direct obligations of the United States to the extent the interest has been included in federal adjusted gross income. For the interest to be deductible, the obligation shall be in writing, bear interest, be a binding promise by the United States to pay specific amounts at specific dates, and be specifically authorized by Congress. United States Treasury bonds, notes, bills, certificates, and saving bonds are primary examples of direct obligations.

(b) Nondeductible Interest. -- Interest earned on obligations that are backed or guaranteed by, but not direct obligations of, the United States Government shall not qualify for deduction from an individual's federal adjusted gross income. Interest earned on obligations where the United States is an insurer or guarantor, but the obligation is not a direct obligation, shall not be deductible from federal adjusted gross income. Examples include Federal Home Loan Mortgage Corporation ("Freddie Mac"), Federal National Mortgage Association ("Fannie Mae"), and the Government National Mortgage Association ("Ginnie Mae"). Distributions representing gain from the sale or other disposition of United States obligations or interest paid in connection with repurchase agreements issued by banks and savings and loan associations shall not be deductible from federal adjusted gross income. The deduction from federal adjusted gross income shall not apply to any portion of a distribution from an Individual Retirement Account (IRA).

(c) Indian Tribe. -- The income earned or received by an enrolled member of the Eastern Band of Cherokee Indians or another federally recognized Indian tribe shall be deductible from federal adjusted gross income if it is included in federal gross income and it is derived from activities on the Cherokee reservation or another federally recognized Indian reservation while the member resided on the reservation.

IN TENANCY BY THE ENTIRETY**

When spouses file separate individual income tax returns, the spouses shall determine the portion of the income or loss from real property that shall be reported by each spouse. When real property conveyed jointly in the name of a married couple is located in another state and the share of ownership of each is not fixed in the deed or other instrument creating the co-tenancy, each spouse is considered as having received one-half of the income or loss from the real property, unless they can demonstrate that the laws of that particular state with respect to the right to the income from the property allocate the income or loss in a different manner.

17 NCAC 06B .3203 PENALTIES FOR FAILURE TO FILE AND PAY

- (a) General. -- Under the provisions of G.S. 105-236, both the "failure to file return" and "failure to pay tax when due" penalties, if due, can be applied for the same period. If a return is filed late without payment of the tax shown due, both the failure to file and failure to pay penalties shall be assessed at the same time.
- (b) Extension. -- If the return is filed under an extension, the failure to file penalty applies from the extended filing date rather than from the original due date. The failure to pay penalty applies from the original due date of the return and shall be assessed if the taxpayer does not meet the 90 percent requirement established in 17 NCAC 06B .0107. If the 90 percent requirement is met, any remaining tax due shall be paid with the income tax return on or before the expiration of the extension period to avoid the failure to pay penalty. Interest is due on any tax not paid by the original due date from the original due date to the date paid.
- (c) Amended Return. -- The failure to pay penalty shall not apply to amounts paid with an amended return if the amount shown due on the return is paid when the return is filed.
- (d) Assessment. -- The failure to pay penalty applies to a proposed assessment of additional tax due that is not paid within 45 days of the assessment, unless a request for review is timely filed with the Department in accordance with G.S. 105-241.11. If a taxpayer timely requests a Departmental review of a proposed assessment, the failure to pay penalty applies to tax due that is not paid within 45 days of the date the assessment becomes collectible pursuant to G.S. 105-241.22(3), G.S. 105-241.22(4), G.S. 105-241.22(5), or G.S. 105-241.22(6).

17 NCAC 06B .3501 GENERAL

The starting point for preparing the North Carolina partnership income tax return (Form D-403) shall be the partnership's total income or loss. If the partnership provides a copy of its federal partnership income tax return (Form 1065) with its North Carolina partnership income tax return, the partnership can enter the sum of lines 1 through 11 of Schedule K, Form 1065 as total income or loss on Form D-403, Part 1, line 1 in lieu of completing Form D-403, Part 6. 17 NCAC 06B .3503 PARTNERSHIP RETURNS

- (a) When Required -- A North Carolina partnership return, Form D-403, shall be filed by every partnership doing business in North Carolina if a federal partnership return was required to be filed. The partnership return shall be filed on or before April 15 if on a calendar year basis, or on or before the 15th day of the fourth month following the end of the fiscal year if on a fiscal year basis. The term "doing business in North Carolina" has the same meaning as in 17 NCAC 05C .0102. Income from an intangible source, including gain realized from the sale of intangible property received in the course of "doing business in North Carolina" so as to have a taxable situs here (including income in the distributive share of partnership income, whether distributed or not) shall be included in the numerator of the fraction used in determining the portion of adjusted gross income that is taxable to North Carolina by a nonresident. The return shall include the names and addresses of the persons entitled to share in the net income of the partnership and shall be signed by one of the partners and the individual preparing the return.
- (b) Schedule NC K-1 -- A partnership shall provide a completed Schedule NC K-1, or other document containing all of the information that would be reported on Schedule NC K-1, to each person who was a partner in the partnership at any time during the year reflecting that partner's distributive share of the partnership's income, adjustments, tax credits, and tax paid by the manager of the partnership. A partner's distributive share of partnership income includes any guaranteed payments made to the partner. The Schedule NC K-1 shall be provided to each partner on or before the day on which the partnership return is required to be filed. When reporting the distributive share of tax credits, a list of the amount and type of tax credits shall be provided to each partner.
- (c) Investment Partnerships -- A partnership whose only activity is as an investment partnership shall not be considered to be doing business in North Carolina. An investment partnership means a partnership that is not a "dealer in securities," as defined in section 475(c)(1) of the Internal Revenue Code, and that derives income exclusively from buying, holding, and selling securities for its own account. If any of the partnership's income is from other activities, either within or outside this State, either received directly or flowing through from other pass-through entities, the partnership is not an investment partnership for North Carolina tax purposes. Other activities include providing services or products to customers and holding real property for appreciation and income. An investment partnership shall not be required to file an income tax return in North Carolina or pay income tax to North Carolina on behalf of its nonresident partners.

17 NCAC 06B .3513 NONRESIDENT PARTNERS

- (a) Although a partnership may treat guaranteed payments to a partner for services or for use of capital as if they were paid to a person who is not a partner, that treatment is only for purposes of determining the partnership's gross income and deductible business expenses. For other tax purposes, guaranteed payments are treated as a partner's distributive share of ordinary income.
- (b) Deductions from adjusted gross income do not include a partner's salary, interest on a partner's capital account, partner relocation and mortgage interest differential payments, or payments to a retired partner regardless of whether they were determined without regard to current profits. The payments listed in this Paragraph shall be treated as part of the partnership income.
- (c) A nonresident individual partner is not required to file a North Carolina individual income tax return when the only income from North Carolina sources is the nonresident's share of income from a partnership doing business in North Carolina, and the manager of the partnership has reported the income of the nonresident partner, including any guaranteed payments made to the partner, and paid the tax due. A nonresident individual partner may file an individual income tax return and claim credit for the tax paid by the manager of the partnership if the partner submits with the individual income tax return the Schedule NC K-1 or other document from the partnership verifying that the partnership paid tax on behalf of the partner.

17 NCAC 06B .3527 DISPOSITION OF PARTNER'S INTEREST

(a) An interest in a partnership is intangible personal property. Gain from the sale of a nonresident partner's interest in a partnership is not included in the numerator of the fraction the nonresident uses to determine the amount of income subject to tax in North Carolina unless the sale of the partnership interest conveys title to tangible partnership property. If a partnership owning an interest in another partnership sells its interest in that partnership, the nonresident partners of the partnership selling its interest do not include their distributive shares of the gain realized by the partnership from the sale of its partnership interest in the numerator unless the partnership selling its interest is carrying on a trade or business in this State.

(b) Nonresident partners must include their distributive share of the gains or losses from the sale or other disposition of the partnership's assets in the numerator of the fraction in determining North Carolina taxable income. If the sale of partnership interests conveys title to tangible partnership property instead of to limited interests in the partnership, the transaction is considered a sale of partnership assets for purposes of determining North Carolina taxable income.

17 NCAC 06B .3528 PART-YEAR RESIDENT PARTNERS

A part-year resident receiving partnership income from a partnership doing business in North Carolina and in one or more other states, must prorate his share of the partnership's income attributable and not attributable to North Carolina between his periods of residence and nonresidence in accordance with the number of days in each period. The amount required to be included in the numerator of the fraction for determining taxable income is the taxpayer's share of partnership income determined for the period of residence, plus the taxpayer's share of the partnership income attributable to North Carolina during the period of nonresidence.

17 NCAC 06B .3529 INTEREST INCOME PASSED THROUGH TO PARTNERS

(a) Although the interest income passed through to a partner in a partnership retains its same character as when received by the partnership, the expenses incurred in earning interest income shall be either deductible by the partnership and net interest income after expenses shall be reflected in the partner's pro rata share of the income of the partnership, or not deductible by the partnership and interest income before expenses shall be reflected in the partner's pro rata share of the income of the partnership.

(b) Net interest income shall be reported if the activities are considered trade or business activities under federal law and interest income before expenses shall be reported if the activities are considered investment activities under federal law. If the activities are considered investment activities, the expenses incurred in earning that income shall be reported by the partnership to its partners as a separately stated item and shall be deducted by the partner to the extent allowable on the partner's income tax return.

(c) For interest income subject to federal income tax and considered trade or business activities, the partner's federal gross income shall include the net interest income after expenses incurred in earning the income. If that interest income is deductible from federal adjusted gross income pursuant to G.S. 105-153.5(b), the individual partner shall deduct the net income on the North Carolina return. For interest income subject to federal income tax and considered investment activities, the partner's federal gross income includes the interest income before expenses incurred in earning the income. If that interest income is deductible from federal adjusted gross income pursuant to G.S. 105-153.5(b), the individual partner shall deduct the income before expenses on the North Carolina return. No addition shall be made for the expenses incurred in earning that income to the extent those expenses are deductible by the individual partner in arriving at federal adjusted gross income.

(d) Interest income not subject to federal income tax is not included in the partner's federal adjusted gross income. For interest income not subject to federal tax but required to be added to federal adjusted gross income pursuant to G.S. 105-153.5(c), the individual partner shall add the total interest income on the North Carolina return. No deduction shall be made for expenses incurred in earning that income if the expenses are not deductible in arriving at federal adjusted gross income.

17 NCAC 06B .3714 TAX CREDITS

(a) A fiduciary required to pay an income tax to North Carolina on behalf of a trust or an estate may claim a credit for tax imposed and paid to another state or country on income from sources within the other state or country under the provisions of G.S. 105-160.4(a).

(b) A resident beneficiary of an estate or trust, the fiduciary of which pays an income tax to another state or country on distributable income reportable to North Carolina that is derived from sources in the other state or country may claim a credit against the beneficiary's North Carolina tax for the beneficiary's share of tax paid the other state or country under the provisions of G.S. 105-160.4(e).

(c) A schedule is provided on the fiduciary return for use in computing the tax credit allowable to the estate or trust. Before this schedule may be completed, however, there must be an allocation between the estate or trust and its beneficiaries of the tax paid and the gross income on which tax was paid to the other state or country.

(d) The fiduciary's share and each beneficiary's share of the gross income on which tax has been paid to another state or country is determined by the governing instrument and should be entered in the appropriate schedule on the fiduciary return. The fiduciary's share of the total gross income to be used in the tax credit computation schedule is the total gross income from Federal Form 1041.

(e) If additional tax credits are claimed, a separate schedule must be attached to the fiduciary return showing how the credits were determined and how they are allocated between the beneficiaries and the fiduciary.

(a) The federal taxable income of the estate or trust shall be the starting point for preparing a North Carolina Income Tax Return for Estates and Trusts, Form D-407. The fiduciary shall determine the estate's or trust's federal taxable income before completing Form D-407.

(b) The fiduciary shall file an income tax return for the estate or trust for which he or she acts if he or she is required to file a U.S. Income Tax Return for Estates and Trusts and:

- (1) the estate or trust derives income from North Carolina sources; or
- (2) the estate or trust derives any income that is for the benefit of a resident of North Carolina.

(c) Fiduciaries shall be consistent in the use of the name and address of an estate or trust on a return. If a different name for an estate or trust is used in any year from that used in the prior year, the fiduciary shall note that fact on the first page of the return and state the name used in the prior year.

17 NCAC 06B .3723 ALLOCATION OF ADJUSTMENTS

(a) The additions and deductions to federal taxable income of an estate or trust shall be apportioned between the estate or trust and the beneficiaries based on the distributions of income made during the taxable year. If the trust instrument or will that created the estate or trust does not provide for the distribution of certain classes of income to different beneficiaries, the apportionment of additions and deductions to the beneficiaries shall be determined on the basis that each beneficiary's share of the estate's or trust's "total income," the sum of lines 1 through 8 on the beneficiary's Schedule K-1, Federal Form 1041, relates to "adjusted total income" from line 17 of Federal Form 1041. If the trust instrument or will specifically provides for the distribution of certain classes of income to different beneficiaries, any addition or deduction directly attributable to a particular class of income shall be apportioned to the beneficiaries to which that class of income is distributed. After apportioning the additions and deductions to the beneficiaries, the balance is apportioned to the fiduciary.

(b) In allocating the adjustments, for State purposes the amount of "total income" on Federal Schedule K-1 shall be adjusted for distributions to the beneficiary that are not reflected in "total income." The "adjusted total income" on Federal Form 1041 shall be adjusted:

- (1) to exclude classes of income that are not part of the distribution to the beneficiary;
- (2) to include classes of income that are a part of the distribution to the beneficiary, but shall not be included in adjusted total income; and
- (3) by any deduction treated differently for State and federal tax purposes that adjusts federal taxable income pursuant to G.S. 105-153.5 and G.S. 105-153.6.

17 NCAC 06B .3724 ALLOCATION OF INCOME ATTRIBUTABLE TO NONRESIDENTS

(a) If an estate or trust has income from sources outside of North Carolina and if any of the beneficiaries are nonresidents of North Carolina, the portion of federal taxable income of the Fiduciary that is subject to North Carolina tax must be determined. If there are no nonresident beneficiaries or if there is no gross income from dividends, interest, other intangibles or from sources outside North Carolina for the benefit of a nonresident beneficiary, the total income of the estate or trust is taxable to the fiduciary.

(b) The determination of the amount of undistributed income from intangible property which is for the benefit of a resident is based on the beneficiary's state of residence on the last day of the taxable year of the trust. In the case of both resident and nonresident beneficiaries, the determination of the amount of undistributed income from intangible property

which is for the benefit of a resident is made on the basis that the resident beneficiary's interest for the taxable year relates to the interest of both resident and nonresident income beneficiaries for the taxable year.

SECTION .3900 - NONRESIDENTS AND PART-YEAR RESIDENTS

17 NCAC 06B .3901 DEFINITION OF RESIDENT

(a) Only One Domicile. -- Domicile means the place where an individual has a true, fixed permanent home and principal establishment, and to which place, whenever absent, the individual has the intention of returning. In many cases, a determination must be made as to when or whether a domicile has been abandoned. A long standing principle in tax administration, repeatedly upheld by the courts, is that an individual can have but one domicile; and, once established, it is not legally abandoned until a new one is established. A taxpayer may have several places of abode in a year, but at no time can an individual have more than one domicile. A mere intent or desire to make a change in domicile is not enough; voluntary and positive action must be taken.

(b) Factors. -- Some of the tests or factors to be considered in determining the legal residence of an individual for income tax purposes are as follows:

- (1) Place of birth of the taxpayer, the taxpayer's spouse, and the taxpayer's children.
- (2) Permanent residence of the taxpayer's parents.
- (3) Family connections and close friends.

- (4) Address used for federal tax returns, military purposes, passports, driver's license, vehicle registrations, insurance policies, professional licenses or certificates, subscriptions for newspapers, magazines, and other publications, and monthly statements for credit cards, utilities, bank accounts, loans, insurance, or any other bill or item that requires a response.
 - (5) Civic ties, such as church membership, club membership, or lodge membership.
 - (6) Professional ties, such as licensure by a licensing agency or membership in a business association.
 - (7) Payment of state income taxes.
 - (8) Place of employment or, if self-employed, place where business is conducted.
 - (9) Location of healthcare providers, such as doctors, dentists, veterinarians, and pharmacists.
 - (10) Voter registration and ballots cast, whether in person or by absentee ballot.
 - (11) Occasional visits or spending one's leave "at home" if a member of the armed services.
 - (12) Ownership of a home, insuring a home as a primary residence, or deferring gain on the sale of a home as a primary residence.
 - (13) Location of pets.

17 NCAC 06B .3904 TAXABLE INCOME OF NONRESIDENTS AND PART-YEAR RESIDENTS

- (a) Nonresidents and part-year residents shall prorate their adjusted gross income, adjusted as required under G.S. 105-153.5 and G.S. 105-153.6, to determine the portion that is subject to North Carolina tax.
- (b) An individual who files a joint federal income tax return with his or her spouse and is not required to file a joint North Carolina income tax return because the spouse is a nonresident and had no North Carolina taxable income, may file the State return as either married filing jointly or married filing separately. However, once the individual files a joint North Carolina income tax return, the individual shall not amend the return to file as married filing separately for that tax year after the due date of the return. An individual who files a joint federal income tax return and chooses to file a separate State return shall calculate the individual's adjusted gross income on a federal income tax form as a married person filing a separate federal income tax return and attach it to the individual's North Carolina return to show how the separate adjusted gross income was determined. The individual filing the separate federal income tax return shall report only the individual's income and deductions. In lieu of making the calculation on a federal form, an individual may submit a schedule showing the computation of the individual's separate adjusted gross income. An individual who submits a schedule shall attach a copy of pages one and two of the individual's joint federal return if the federal return reflects an address outside North Carolina.
- (c) An individual who has income from sources within another state or country while a resident of North Carolina and is subject to tax on the income by the other state or country may be eligible to claim a tax credit for tax paid to another state or country under G.S. 105-153.9.

17 NCAC 06B .3905 NONRESIDENT MEMBERS OF PROFESSIONAL ATHLETIC TEAMS

- (a) Determination of North Carolina source income.
- (1) To determine the portion of his or her total compensation for services rendered as a member of a professional athletic team during the taxable year that shall be considered North Carolina source income and shall be included in the numerator of the fraction determined under G.S. 105-153.4(b), the nonresident member of a professional athletic team shall multiply his or her total compensation for services rendered as a member of a professional athletic team during the taxable year by a fraction, the numerator of which is the number of duty days spent in North Carolina rendering services for the team in any manner during the taxable year. The denominator shall be the total number of duty days spent both within and outside North Carolina during the taxable year.
 - (2) Travel days that do not involve any of the activities set forth in Subparagraph (b)(3) of this Rule, or other similar team activity, are not considered duty days spent in North Carolina and compensation for those days shall not be included in the numerator of the fraction determined under G.S. 105-153.4(b). However, the travel days shall be considered duty days spent within and outside North Carolina and compensation for those days is included in the denominator of the fraction determined under G.S. 105-153.4(b).
 - (3) Where the method of apportioning and allocating the compensation provided in this Rule produces substantially incorrect results, the Secretary of Revenue may require the member of a professional athletic team to apportion and allocate the compensation under another method prescribed by the

Secretary as long as the prescribed method better reflects the compensation received for services rendered in North Carolina. A nonresident member of a professional athletic team may request an alternative method to apportion and allocate the compensation, demonstrating that the method provided under this Rule produces substantially incorrect results. If the Secretary approves the alternative method, a copy of the Secretary's written approval shall be included with the North Carolina income tax return filed by the nonresident member.

(b) Definitions. For purposes of this Rule:

- (1) The term "professional athletic team" includes any professional baseball, basketball, football, soccer, hockey, or other team.
- (2) The term "member of a professional athletic team" shall include those employees who are active players, players on the disabled list, and any other persons required to travel and who do travel with and perform services on behalf of a professional athletic team on a regular basis. This includes coaches, managers and trainers.
- (3) The term "duty days" shall mean all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall also include days on which a member of a professional athletic team renders a service for a team on a date that does not fall within the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. The services include participation in instructional leagues, the "Pro Bowl," or promotional caravans. This includes days during the member's off-season where the member conducts training activities at the facilities of the team. Duty days include game days, practice days, days spent at team meetings, promotional caravans and pre-season training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete. Duty days for any person who joins a team during the season shall begin on the day the person joins the team, and for any person who leaves a team shall end on the day the person leaves the team. Where a person switches teams during the taxable year, a separate duty day calculation shall be made for the period the person was with each team. Days for which a member of a professional athletic team is not compensated and is not rendering services for the team in any manner, including days when the member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days. Days for which a player is on the disabled list shall be considered duty days and shall be included in the denominator of the fraction described in Subparagraph (a)(1) of the Rule, but shall not be considered duty days spent in North Carolina and shall not be included in the numerator of the fraction.
- (4) The term "total compensation for services rendered as a member of a professional athletic team" means the total compensation received during the taxable year for services rendered:
 - (A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and
 - (B) for an event during the taxable year that occurs on a date that does not fall within the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete, such as participation in instructional leagues, the "Pro Bowl," or promotional caravans.

The compensation shall include salaries, wages, bonuses, and any other type of compensation identified in Internal Revenue Code Section 61 and its regulations and paid during the taxable year to a member of a professional athletic team for services performed in that year. The compensation shall not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services rendered to the team.

- (5) For purposes of Subparagraph (b)(4) of this Rule, "bonuses" included in "total compensation for services rendered as a member of a professional athletic team" subject to the allocation described in Paragraph (a) of this Rule are:
 - (A) bonuses earned as a result of play, such as performance bonuses, during the season, including bonuses paid for championship, play-off, or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and
 - (B) bonuses paid for signing a contract, unless all of the following conditions are met:

- (I) the payment of the signing bonus is not conditional upon the signee playing any games for the team, or performing any subsequent services for the team, or even making the team;
- (II) the signing bonus is payable separately from the salary and any other compensation; and
- (III) the signing bonus is nonrefundable.

(c) Withholding requirements.

- (1) A professional athletic team shall withhold income tax from the North Carolina source income of a nonresident member of the team at the rate for individuals with no withholding allowances as provided in G.S. 105-163.5. Taxes shall be withheld from the income of a resident member of the team as provided in G.S. 105-163.2.
- (2) A professional athletic team that is not domiciled in this State shall be classified as a quarterly employer and shall file a return reporting the amount of taxes withheld and pay the amounts withheld as provided in G.S. 105-163.6. A professional athletic team that is domiciled in this State shall determine its filing and paying requirements based on its average monthly withholding as provided in G.S. 105-163.6.

(d) Income tax return filing requirements.

- (1) A nonresident member of a professional athletic team is not required to file a North Carolina individual income tax return when the only income from North Carolina sources is the compensation received for services rendered as a member of the team and the team has withheld taxes from the North Carolina source income as set forth in Paragraph (c) of this Rule. The individual may file an individual income tax return and claim credit for the tax withheld.
- (2) The professional athletic team, as well as the individual, shall be personally and individually liable for any additional tax due if the professional athletic team does not properly determine the North Carolina source income of a member of the professional athletic team or properly withhold tax from the income.

17 NCAC 06B .4003 NONRESIDENT SHAREHOLDERS

If an S corporation does business in North Carolina and one or more other states, the income attributable to North Carolina shall be determined under G.S. 105-130.4.

(b) A nonresident shareholder in an S corporation may claim credit on the shareholder's North Carolina individual income tax return for the tax paid on his or her behalf by the S corporation to North Carolina on his or her share of the S corporation income.

(c) A nonresident shareholder in an S corporation shall not be required to file a North Carolina individual income tax return when the only income from North Carolina sources is his or her share of S corporation income and the S corporation pays the tax on his or her behalf.

17 NCAC 06B .4004 TAX CREDITS

If part of the S corporation's income is earned within and taxed by another state, either to the individual or to the corporation, a resident shareholder is entitled to a tax credit on the individual or the estates and trusts income tax return for the share of the tax paid to the other state. A shareholder claiming the tax credit must attach a schedule to the income tax return reflecting the total amount of tax paid to the State by the S corporation, and explaining how the shareholder's pro rata share of the tax was determined. Nonresident shareholders are not allowed credit for tax paid to another state.

17 NCAC 06B .4005 BASIS IN STOCK

(a) Due to different tax treatment of an S corporation's income for State and federal purposes for taxable years beginning before January 1, 1989, a shareholder's basis in the stock of an S corporation for State tax purposes may be different than for federal tax purposes; thereby causing adjustments in determining North Carolina taxable income upon receipt by the shareholder of distributions from the S corporation and upon disposition of the S corporation stock.

(b) The initial basis of the stock in an S corporation to a nonresident of North Carolina is zero, and the nonresident shareholder shall not be taxed on distributions from the corporation and recognizes no income or loss upon disposition of the stock. A nonresident shareholder's basis in the S corporation stock shall be adjusted for his or her pro rata share of the income or loss of the corporation.

(c) A resident shareholder's initial basis in the stock of an S corporation shall be determined as of the later of the date the stock is acquired, the effective date of the S corporation election, or the date the shareholder became a resident of North Carolina. A resident shareholder's basis in the stock shall be increased by his or her pro rata share of the corporation's income, subject to the adjustments required under G.S. 105-153.5 and G.S. 105-153.6, except for income exempt from federal or State income taxes and deductions for depletion in excess of the basis of the property being depleted. The basis shall be decreased by:

- (1) distributions to the extent deemed a return of basis;
- (2) a pro rata share of the losses of the corporations as adjusted under G.S. 105-153.5 and G.S. 105-153.6;
- (3) nondeductible expenses of the corporation; and
- (4) the amount of the shareholder's deduction for depletion of oil and gas wells to the extent the deduction does not exceed the proportionate share of the adjusted basis of that property allocated to the shareholder.

The adjustments to the basis do not apply to tax periods beginning prior to January 1, 1989.

Eff. June 1, 1990;
Readopted Eff. May 1, 2016.

17 NCAC 06B .4006 DISTRIBUTIONS

(a) A resident shareholder must take into account distributions from an S corporation in computing North Carolina taxable income to the extent the distributions are characterized as dividends or as gains pursuant to Section 1368 of the Internal Revenue Code. Section 1368 of the Code provides that if the S corporation has no accumulated earnings and profits, the amount distributed to a shareholder reduces the adjusted basis in his stock. If the S corporation has earnings and profits, the distribution is applied in the following order:

- (1) To the Accumulated Adjustments Account (AAA), which basically includes the income during the period the corporation has been an S corporation reduced by its losses and distributions during that period. The AAA for State income tax purposes does not include the federal AAA for tax years beginning prior to January 1, 1989. The shareholder does not take into account distributions from the AAA in determining taxable income but such distributions reduce the adjusted basis of his stock.
- (2) To Earnings and Profits (E and P): An S corporation is not considered to have earnings and profits for State tax purposes for years in which it operates as an S corporation after January 1, 1989. The E and P account basically includes the earnings and profits on hand from the period the corporation was a C corporation; and for State tax purposes, the E and P account also includes the undistributed earnings and profits of the S corporation from tax years beginning before January 1, 1989, (the federal AAA that existed on the day North Carolina began to measure the S corporation shareholder's income by reference to the income of the S corporation). The amount distributed to the shareholder from the E and P account is taxed to the shareholder as a dividend. Since the State E and P account includes the federal AAA that existed prior to the change in State law taxing the S corporation income to the shareholders, State taxable income must be increased for any distributions from the federal AAA that existed prior to the law change.
- (3) To the basis of the shareholder's stock: Any excess over the shareholder's basis is taxed as a capital gain.

(b) A shareholder who makes an election for federal tax purposes to treat distributions from the S corporation as being paid first from earnings and profits may not make a different election for State purposes.

17 NCAC 06B .4101 GENERAL

(a) Exempt interest dividends paid by a regulated investment company ("mutual fund") to a shareholder and not included in the shareholder's federal adjusted gross income shall be added to adjusted gross income to the extent it represents interest on obligations of states, other than North Carolina, and their political subdivisions.

(b) The total distribution designated as exempt interest dividends by a regulated investment company ("mutual fund") shall be added to adjusted gross income in computing the shareholder's North Carolina taxable income, unless the regulated investment company provides a statement to the shareholder that designates the portion of the exempt interest dividends that represents interest from obligations of the State of North Carolina or its political subdivisions or the United States or its possessions.

17 NCAC 06B .4103 ORDINARY DIVIDENDS

(a) Interest received in the form of dividends from regulated investment companies shall be deductible from an individual's adjusted gross income to the extent the distributions represent interest on direct obligations of the United States Government. Interest earned on obligations that are merely backed or guaranteed by the United States Government shall not qualify for the deduction. Further, this deduction shall not apply to distributions that represent gain from the sale or other disposition of the securities nor to interest paid in connection with repurchase agreements issued by banks and savings and loan associations.

(b) The taxpayer may not deduct mutual fund dividends on the basis of a percentage of investments held by the fund (i.e., a fund has 75 percent of its investments in United States Treasury Notes). The regulated investment company shall furnish the shareholder a statement verifying the amount of interest paid to the shareholder that accrued from direct obligations of the United States Government. The statement to support the deduction shall specify the amount dividended to the shareholder that represents interest on direct obligations of the United States Government.
