18 NCAC 07J .0905 AUDIO STANDARDS

A platform provider's communication technology shall support audio interactions between all participants in a notarial transaction that:

(1) provide live audio transmission for the duration of the notarial transaction;

(2) provide clarity and volume so that all participants can hear the audio; and

(3) synchronize the audio with the video transmission, except as permitted pursuant to 18 NCAC 07H .0405.
