

21 NCAC 60 .0311 PERMITS

(a) The refrigeration license number of the licensee shall appear on all applications for permits.

(b) A licensee shall assure that a permit is obtained from the local Building Code enforcement official before commencing any installation work for which a license is required by the Board. The licensee shall also assure that a request for final inspection is made within 10 days of subsequent completion of the work for which a license is required, absent agreement with the owner and the local Building Code enforcement official.

(c) A licensee shall obtain permits and allow his number to appear on permits only for work over which he will provide general supervision until the completion of the work, for which he holds the contract and for which he receives all contractual payments.

- (1) General supervision is that degree of supervision which is necessary and sufficient to ensure that the work is performed in a competent manner and with the requisite skill and that the work is done timely, safely and in accordance with applicable codes and rules. General supervision requires that the review of the work be performed in person by the licensee while the work is in progress.
- (2) Each business office for which a licensee is responsible shall be actively and locally supervised by that licensee who shall have primary responsibility and a corresponding amount of time personally involved in the work contracted for or performed by that office.
